

## **Placement Cell**

The college has a Placement Cell, which is an integral part of the institute. It ensures and takes care to provide the best arrangements for placing its students in premier institutions. The college placement cell works tirelessly throughout the year to facilitate students' entry into the job market through on-campus and off-campus placements. The Placement Cell constantly contacts the employers about their human resource requirements. When there are requirements, a mutually agreeable date is fixed for interviewing at the college/school campus, and the candidates are guided and trained for the demonstrations and interviews. Since the placement cell's inception, many students have secured jobs in various educational institutions. Many students have benefited through the placement cell by means of their recommendations to various institutions. The request for the teachers is received telephonically, through mail and personal contacts. The college takes prompt action to place its students by contacting them by phone and informing them about the place and time of the interview.

## **Vision of the Placement Cell**

To empower student-teachers with professional skills, confidence, and opportunities for successful teaching careers through effective training, guidance, and collaboration with reputed educational institutions and organisations.

## **Objectives of the Placement Cell**

- To identify the student's potential and map their competencies.
- To guide student-teachers to choose the right career and to give knowledge, skills, and aptitude and meet the manpower requirements of the educational institutions.
- To assist student-teachers to develop/clarify their academic and career interests, and their short and long-term goals through individual counselling and group sessions.
- To maintain and regularly update the database of student-teachers.
- To coordinate with schools and remain well-informed on the requirements and recruitment procedures.
- To identify the needs and expectations of the schools to assist them in recruiting the most suitable candidates.
- To organise on-campus and off-campus drives for student-teachers.

- To act as a link between students, alumni and educational institutions by providing information on upcoming job vacancies in the field of education.
- To provide career guidance through regularly updating departmental notice boards regarding competitive examinations, and job opportunities in the government/semi-government/Private school and college levels.
- To develop linkages between different schools/Educational institutions to organise the campus interviews for the recruitment of graduates and postgraduate students of the college.
- To give information on various courses of higher studies and competitive examinations.
- To make student-teachers more confident and employable through organising Workshops, Seminars, Interviews, Extension Lectures and skill development programs.
